Are you questioning your gender?
Do you feel outside the gender binary?
Need a space to discuss your gender with a supportive community?

This group allows students to explore their thoughts and feelings related to gender identity. Join this group to build community, share experiences about the specific ways being outside the gender binary impacts us, and get support with your transitioning and/or embodying who you are. This group will be open for the first 3 weeks of the quarter, and then closed for the remainder of the quarter to maintain a safe space.

(No matter where you are on the gender spectrum, you are welcome here!)
